Let's have a coffee !

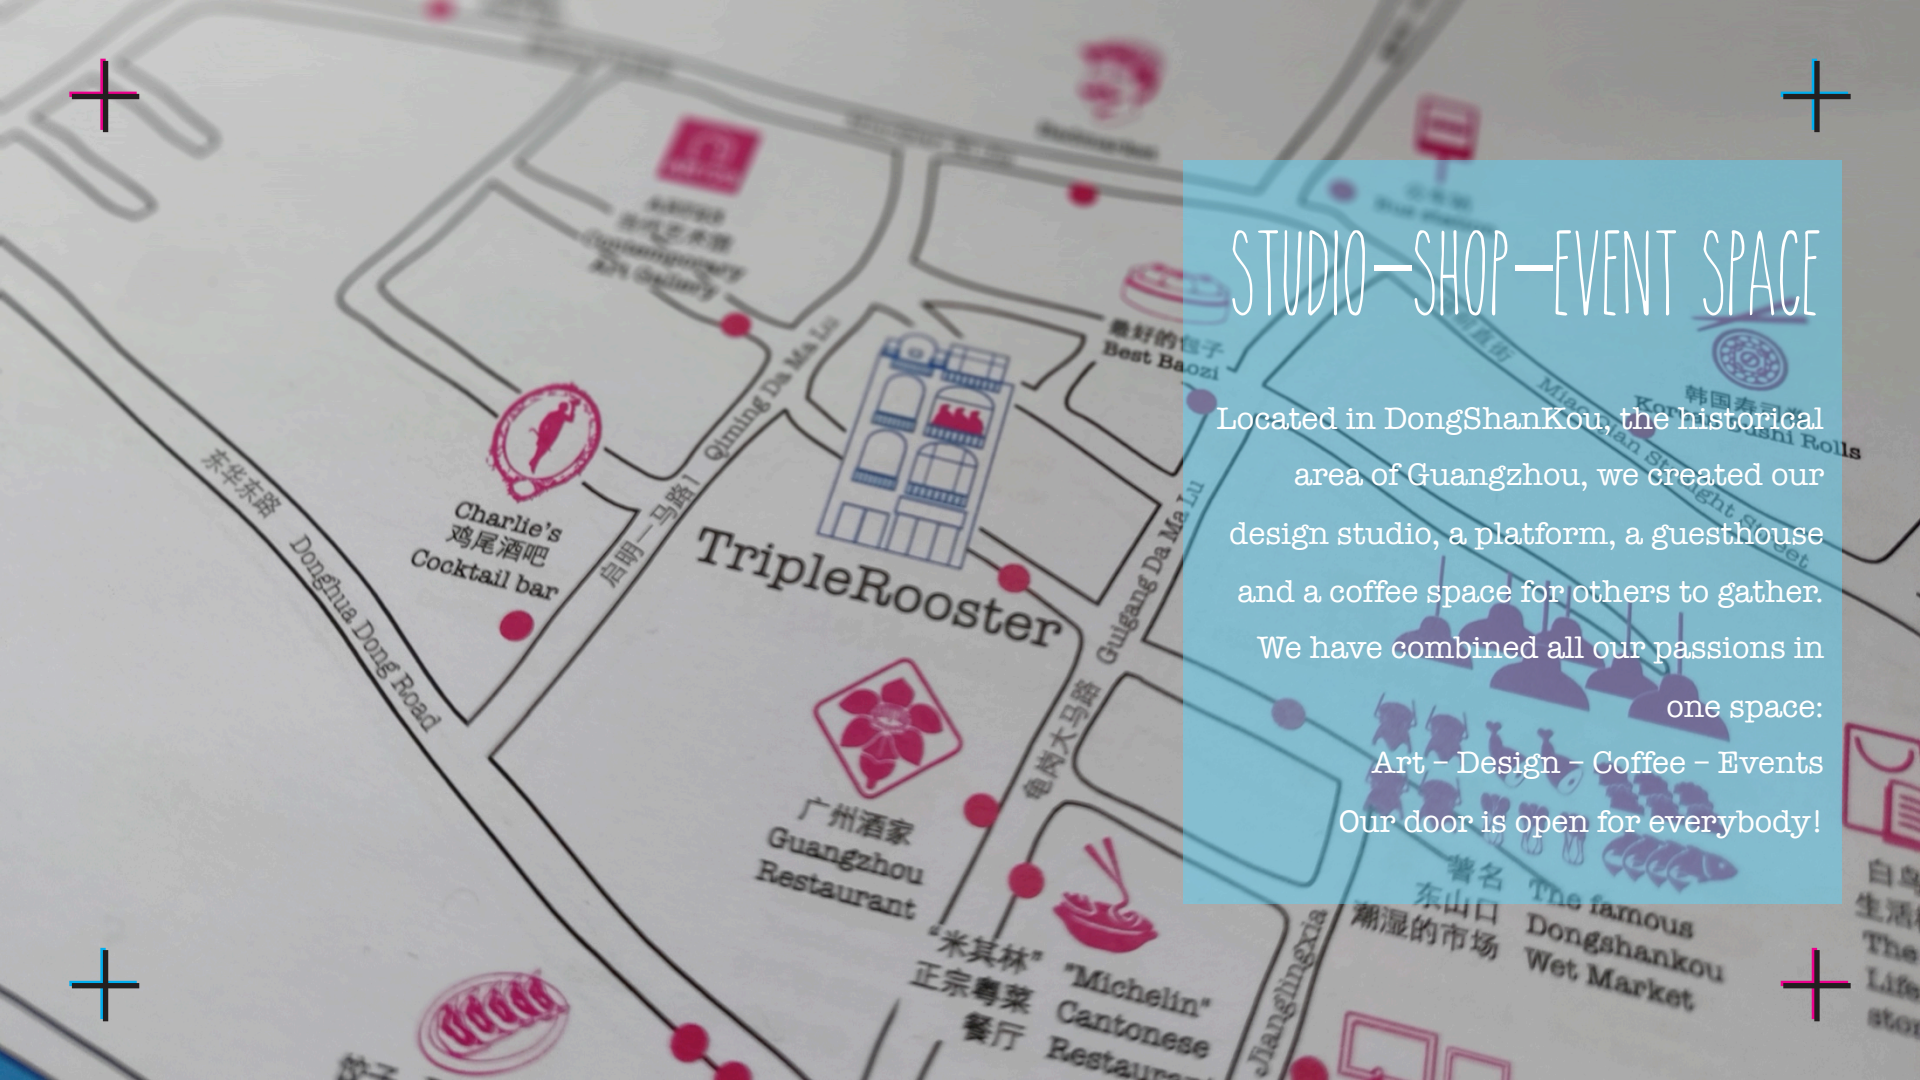

# STUDIO—SHOP—EVENT SPACE

Located in DongShanKou, the historical area of Guangzhou, we created our design studio, a platform, a guesthouse and a coffee space for others to gather. We have combined all our passions in one space:

Art - Design - Coffee - Events

Our door is open for everybody!

# DESIGN STUDIO

Our core business is design.

We develop your brand, from first strategy, into a strong identity, visible in clear product design and until final retail concept activation.

We opened our space to share our own point of view and share experience of other young brands.

# COFFEE

Our love for brand & product design and a daily dose of coffee to fuel our work, resulted in our own series of coffee beans. Designed with no nonsense labels and a recycling policy, we hope to influence our customers and clients. A focus on detail and quality.

# PLATFORM

We know how difficult it is to become a successful brand or develop your own products. Therefore we provide a platform to young designers and showcase their products for a larger audience. By backing you, you will support us as well!

## EVENTS

We are not just a studio or shop, we like to share our space with you as well. We can host for your wine-tastings, private dining, company outings, seminars or art-house movie night, as we have been doing so far. TripleRooster loves to think with you about how to create an unique experience.

# SUSTAINABILITY

We love to collect objects from the streets and give them new purpose in our studio.

By doing so, we hope to show that with simple creative solutions we can re-use more than we think.

We emphasize our sustainable character by only serve handmade coffee for you, avoiding the big energy consuming machines.

Our dream is to become the most sustainable hub in Guangzhou!

# PHOTO SHOOTING

As no other we understand the importance of activating yourself on social media or show great visuals in your online shop.

With an interior that breaths comfort, design, and handcrafted, we provide a unique background for your photo shootings. Fashion, wedding, culinary or else, we are versatile and think along.

# EXHIBITIONS

We are art lovers.

And we have been curating and co-organizing several exhibitions in town already.

At TripleRooster or in other venues, we are looking forward to bring more contemporary work and cross-overs to the people.
